financed by AUSTRIAN DEVELOPMENT COOPERATION

OeAD

APPEAR Research Partnerships

- 27 Academic partnership projects | 10 current projects
- 3 Advanced academic partnership projects | 3 current projects
- 64 Preparatory Funding Projects | 10 current projects

appear Master Program Medical Anthropology and International Health | MA-MEDANIH

Project Coordination: PD Mag. Dr. Ruth KUTALEK, Medical University of Vienna
Partner Institution: Gulu University (Dr. Grace Akello), Uganda

appear Elements for a Burkina Faso national pharmacopoeia: monographs redaction and quality control of endangered antimalarial medicinal plants | MEAMP

Project Coordination: Dr. Aline LAMIEN MEDA, University of Veterinary Medicine Vienna
University of Ouagadougou (Dr. Martin KIENDREBEOGO), Burkina Faso

Partnership narrative

- “APPEAR is not interested in one-sided ›knowledge transfer‹, and strictly follows a demand-driven approach, through which needs are defined by the partners in the addressed countries. Respect of different methodological and empirical approaches, of different epistemological and cultural systems, of different modes of interaction and interpretation of results should be seen as preconditions for the aimed participatory and demand-driven partnerships to be realised on an equal basis.” APPEAR General information
- “KEF projects are based on collaboration that is based on partnership between the institutions and people involved, exchange of knowledge and a joint development of scientific analysis.” KEF Guidelines for Applicants

Towards research fairness

- Workshops | meetings | exchange between project partners
- APPEAR Guidelines for good practice
- Fair share of funds | audit reports
- Project coordination and financial responsibility in the partner country
- Innovation and new partnerships |“permission to fail”
- Gender strategy |Disability mainstreaming strategy
- Open access | access to and dissemination of knowledge
- Monitoring | support | flexibility
- Beyond research outputs and outcomes | qualitative and quantitative analysis | context | concepts |expectations |challenges
- Creating spaces for negotiation of knowledge

Research Fairness Initiative

- Share and exchange | improve and harmonize
- Platform function | meetings | workshops
- Terminology
- Accessibility | confidentiality

First experience | qualitative perspective
