

ERAFRICA

ERAFRICA is a new European Union (EU) project aimed at promoting a unified European approach to collaborating with Africa in the field of science and technology research for innovation and sustainable development.

<http://www.erafrica.eu/>

AFRICA PORTAL

The Africa Portal is an online knowledge resource offering researchers and opinion leaders a forum to share their insights on Africa and publish their work on pressing areas of concern to policymakers and the public. It aims to fill the gap in accessibility to research and information on policy issues on the continent.

<http://www.africaportal.org/>

SANORD

The Southern African-Nordic Centre (SANORD) is a networking organisation that promotes multilateral cooperation between universities in the Nordic and Southern African regions, and is primarily funded and driven by its members. To date, 30 universities from both regions have joined the network.

<http://www.sanord.net>

IST-AFRICA

IST-Africa is multi-stakeholder initiative focused on raising wider awareness of African research capacity, promoting participation of African organisations in the ICT Theme of FP7 (FP7-ICT) and identifying co-operation opportunities in fields of mutual interest for European and African stakeholders.

EUROAFRICA-ICT

The EuroAfriCa-ICT project aims at promoting and supporting the development of strategic cooperation on ICT research between Europe and sub-Saharan Africa and between Europe and the Caribbean.

ST-EAP

The primary objective ST-EAP is the strengthening of science and technology (S&T) co-operation between African scientists and between African and European scientists.

PAEPARD

The Platform for African-European Partnerships for Agricultural Research and Development (PAEPARD) is a sustained partnership that mobilises resources for priority projects that combine African and European institutional and financial resources for mutually advantageous projects.

ESASTAP

ESASTAP is a dedicated platform for the advancement of European-South African scientific and technological (S&T) cooperation.

INCONTACT

INCONTACT is the official Network of National Contact Points (NCP) for International Scientific Cooperation Activities (INCO) funded under the European Union's Seventh Framework Programme.

CPN-AFRICA

CPN-Africa aims to increase the participation of young African scientists in FP7-funded projects, particularly in the field of poverty-related diseases.

HEALTH-NCP-NET

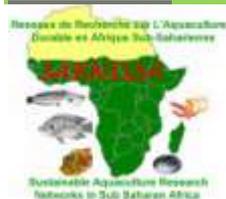

HEALTH-NCP-NET is the network of all officially appointed Health National Contact Points (NCPs) and Contact Points in non-European countries - in Africa, this includes South Africa and Egypt.

BIO CIRCLE

The BIO CIRCLE project helps researchers from Third Countries (non-EU Member States or Associated Countries), working in the food and agriculture sector, to get in touch with their European colleagues.

SARNISSA

The SARNISSA project will strengthen alliances among experienced and emergent players in the African and wider aquaculture scene via the [Aquaculture Compendium](#).

INT-ER-LINK

The major objectives of this Specific Support Action are to promote the role played by the Framework Programme in enabling international cooperation on global change and ecosystems research and to facilitate the uptake of the results of the research being carried out.

KNOWLEDGE FOR DEVELOPMENT

Knowledge for Development: The Observatory on Science, Technology and Innovation for ACP Agricultural and Rural Development supports the policy dialogue on S&T for agricultural and rural development in African, Caribbean and Pacific (ACP) countries.

ACP S&T PROGRAMME

The ACP (African, Caribbean and Pacific) Science and Technology Programme is an ACP-EU cooperation programme that promotes intra-ACP cooperation with the objective to support ACP countries in formulating and implementing Science and Technology policies.

RIMI4AC

The RIMI4AC project is funded by the European Union under the ACP S&T programme (project number FED/2009/218782). The goal of RIMI4AC is to strengthen research and innovation management in Africa and the Caribbean.
