

Total African Member State's Participation in FP6 & FP7 Projects

- The aim of the following graphs is to provide CAAST-Net partners with an overview of the state of African-EU Science and Technology cooperation under FP6 and FP7.
- All of the projects depicted under FP7, are up to and include the year 2010.
- These graphs are freely available for partners to download and use for presentations, and access to the original raw data is also available.
